MR. DAVID S. BALUIK HAS PLEDGED
NOT TO RETURN TO SOUTH AFRICA

Mr. David S. Baluik, a professional golfer from the United States, has pledged not to return to South Africa.

Text of letter from Mr. David Baluik dated 18 September 1991:

"I am writing you this letter regarding my participation on the South African PGA Tour during January and February of 1986. Having not understood the political practices of the South African Government, I was unaware of their policy of apartheid. I would like to go on record as having it known that I am strongly against this policy of repression. I would also like it to be known that I will never return to South Africa (to participate in golf events or otherwise) until this practice of apartheid is abolished.

"I wish you at the United Nations and all the people of South Africa get these horrible policies changed in the very near future."

(Sgd.) David S. Baluik
